

C.A. McCarty
CONSTRUCTION, LLC

DESIGN • BUILD • LIVE

Building with Expertise | Curtis McCarty is one of the few home builders in Oklahoma to carry the Nationally Certified Green Home Builder AND Certified Professional Builder designation. The Certified Professional Builder designation requires high quality and standards as well as continuing education for homebuilding practices.

Built for Oklahoma Weather | Curtis is a regional expert on High-Wind Construction for new homes. C.A. McCarty Construction was the first home builder in Oklahoma to implement high wind construction practices in the base of a home. McCarty continually strives to incorporate new and innovative energy efficient solutions in his homes.

Superior Style & Quality

C.A. McCarty Construction is a design/build firm that specializes in custom residential construction. Curtis serves as the single point of coordination for design, budget, and construction.

Live your *best life* in style

At C.A. McCarty Construction, our primary goal is to ensure that your home is built the way you want! We personally meet with you each step of the way; from your ideas and requirements, to the design and concept, as well as the budget. Together we complete each phase to build the house that will become your home.

We build new homes in many Norman, OK communities, in surrounding areas, and on private estates. We can build anywhere you envision your new home. C.A. McCarty Construction believes your home should be the perfect reflection of you and your family. After all, you're unique - shouldn't your home be, too?

"From the beginning, we have wanted to create a house that is unique in our own, plain way, but still quite spectacular... You have been a tremendous help to achieving this goal... your vision and ideas for the cabinets, trim, and many 'little things' we never even thought of make a big impact on the house. We are really going to love living here. Thanks for being a great partner in this!"

"Choosing C.A. McCarty Construction to build our new home was the best decision we ever made. We had a wonderful experience building our home with Curtis McCarty. He is a very professional, knowledgeable builder and had many innovative ideas for our dream home."
